

STUDENT MINISTRY

New Security Policy for Collide Wednesday Night Services

A new security policy is in place for the Collide High School Ministry during worship on Wednesday nights beginning Wednesday October 28th, 2009. This policy is an early transition in preparation for the entrance into the new student facility next year. Beginning October 28th, adults other than youth workers will not be allowed into the student worship service. Parents can easily identify youth workers by the identification tags they will be wearing each Wednesday night. These limitations will better allow us to maintain security during high school worship and maintain continuity among adults and students. We continue to welcome parents who would like to preview the environment in which their students participate. Those who wish to attend will need to get prior approval from Jonathan by Tuesday of the week you would like to attend. No one will be approved the day of Collide unless it is for a later week. It is our goal to provide a secure environment for the students at Rock Springs as well as an environment built around ministry to high school students and their unchurched or dechurched friends. Thanks you in advance for your cooperation. These small inconveniences will go a long way in making Collide a safe place for your teen to attend.
